MEMORANDUM FOR: Director of Economic Research
FROM: Director of Central Intelligence
SUBJECT: Mr. Amos "Joe" Jordan

1. A close friend of mine, Mr. Amos "Joe" Jordan, of the Georgetown Center for Strategic and International Studies is having a number of studies conducted on international economics. He is particularly concerned in the areas of energy and in non-fuel minerals.

2. When talking to him about the work that the Center is sponsoring, I expressed interest in its connection with what we are doing. I offered to ask you or some of your people in these two areas of energy and non-fuel minerals to sit down with Joe and discuss what we are each doing (on an unclassified basis).

3. I'd appreciate it if you would have the appropriate person call Joe Jordan at 833-3988 and set up some kind of a meeting in the near future. It appears to me that if he directs the quality of work that I would expect him to do, we might find some useful fallout from it even though it is done on an unclassified basis.
